

More information about Nordic 2024

Dinner

Saturday evening dinner will be in Hotel Korpilampi (address Korpilammentie 5, 02970 Espoo). Most people also stay at the same hotel. We have booked part of the rooms so you can ask for rooms from us or book from internet sites. Parking is free, also at the show venue.

Dinner is an open buffet. Variety of different kinds of starters (free of lactose and gluten except for the bread) . The main course is salmon in creamy mushroom sauce (free of gluten and lactose). Dessert is cloudberry cheesecake, cloudberry jam and fresh berries (lactose free). If you have diet restrictions please enclose them and the restaurant will prepare the food according to your needs.

The cost is 49€/adult. 4-12 years old eat for half price and under 4 years eat for free.

Ice water is free of cost but soft drinks and alcohol drinks are charged in the restaurant.

Enclose to entries if you are going to have dinner and please pay at the same time as entries.

We wish that every club plans a small event for the dinner party.

Arrival and animal inspection

Times for Finns and children who show cavies in children's classes:

Friday: 17-20

Saturday: 8-9.45

Foreigners arriving on ferry 10 a.m. on Saturday morning to Helsinki:

Animal inspection until 12 when we start judging everything else other than children's classes which might be over then.

Cages

The show is cageless. But we have around 20 cages and try to get more for those who travel the longest trip to the show. Please inform about your need for cages when sending entries and information if some cavies can share a cage. We divide the cages as we evaluate the ones in most need and inform you after sending your entries if you have a cage prepared for your cavies.

Judges

We have preliminary divided the breeds:

Petr Tejml selfs and nonselfs

Andrea Kroftová rough-haired

Hazel Beauvale longhairs

Pet classes:

Children's pet classes Laura Moilanen

Other pet classes Hazel Beauvale and Sanni Taimioja

As soon as we know the amount of entries we evaluate if we need to make small changes, who judges which breed or part of some breeds but you get the confirmation about the judges when you have sent entries.

New breed to Nordic:

Ridgeback is now a standardized breed in two clubs so the breed can be shown as full standard.

Quick reminders:

Date: September 14-15

Place: Roinelan Seurantalo

Address: Seurantie 2, Klaukkala (about 30 min drive north from Helsinki)
Finland
